U.S. Patent and Trademark Office PTOL-37 (Rev. 1-04)

The amendment filed on February 4, 2005 has been entered. Claim 1 has been amended, claims 3 and 5 have been cancelled and new claims 12-19 have been added.

Claims 1, 2, 4 and 6-19 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art of record shows or suggests a pressure plate assembly for a friction clutch including the housing, pressure plate, force exerting arrangement, wear take-up element, carrier bolt and manually operated adjusting element arranged together in the manner set forth in claim 1, and particularly wherein the carrier bolt is screwed in one of the housing and pressure plate and can be rotated with respect to the element in which it is screwed in order to arrest movement of the adjusting element.

Nor does the prior art of record show or suggest a pressure plate assembly for a friction clutch including the housing, pressure plate, force exerting arrangement, wear take-up element and manually operated adjusting element arranged together in the manner set forth in claim 12, and particularly wherein the adjusting element has an actuating area extends through the force exerting arrangement, and has a formation which can be engaged by a tool.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
